SQUARE FOOT CONSTRUCTION COST TABLE

To be used with the Bureau of Construction Codes Building Permit and Plan Review Fee Schedules for computation of the "Total Cost of Improvement". The table below outlines the base cost per square foot for any given Use Group/Type of Construction combination. Unfinished basements must be computed separately at 20% of table cost. These figures are not intended to reflect actual cost of construction, but are only used as a basis for determination of fees related to services rendered for projects.
